

Sporting groups reduction strategy and trigger points

Legend

Clegg = Clegg hammer rating

GC = Grass coverage (% per m²)

S = Stability (Rating 0 - 3) [greater than 1-2 intervention works required]

E = Evenness (Rating 0 - 3) [greater than 1-2 intervention works required]

Reduction Strategy	Trigger Points
1. Cancellation out of season competitions	- Level 3 Water restrictions & / or - Clegg = 15 - GC = less than 80% - S = 0 - 1 - E = 0 - 1
2. Reduce pre season training on sportsgrounds	- Level 3 Water restrictions & / or - Clegg = 15 - GC = less than 80% - S = 0 - 1 - E = 0 - 1
3. No pre season training on sportsgrounds	- Level 3 Water restrictions & / or - Clegg = 15 - GC = less than 80% - S = 0 - 1 - E = 0 - 1
4. Relocation of training to open / passive areas, alternate training venues (indoor centres, school grounds, beaches etc) (Includes removal of goal post weekly by code or provide goal posts in different location)	- Level 4 Water restrictions & / or - Clegg = 15 - GC = less than 80% - S = 1 - 2 - E = 1 - 2
5. Reduction of training nights on grounds (Includes removal of goal post weekly by code or provide goal posts in different location)	- Level 4 Water restrictions & / or - Clegg = 15 - GC = less than 80% - S = 1 - 2 - E = 1 - 2
6. Relocation of training from deteriorating fields to fields that can cope or with alternate water sources	- Level 4 Water restrictions & / or - Clegg = 15 - GC = less than 80% - S = 1 - 2 - E = 1 - 2
7. Review duration of season to increase recovery time / renovation time	- Level 4 Water restrictions & / or - Clegg = 15 - GC = less than 70% - S = 1 - 2 - E = 1 - 2
8. Cancellation of training on fields most affected	- Level 4 Water restrictions & / or - Clegg = 15 - GC = less than 70% - S = 2 - E = 2
9. Closure of fields for Senior Competition once conditions have deteriorated (in consultation with Risk Manager)	- Level 5 Water restrictions & / or - Clegg = 20 - GC = less than 60% - S = 2 - 3 - E = 2 - 3
10. Closure of fields for Junior Competition once conditions have deteriorated (in consultation with Risk Manager)	- Level 5 Water restrictions & / or - Clegg = 20 - GC = less than 60% - S = 2 - 3 - E = 2 - 3
